

Chartless Vs. Paperless: The Great Paper Debate

Are you Paperless or are you Chartless? Do you really know the difference?

Life in a dental office is confusing right now with everyone talking about going electronic. Learn the difference between these two buzz words and why and how our government is involved. Examine several software programs, both dental and administrative and learn how to successfully implement both.

Key Topics:

- ❖ What is the difference between the two
- ❖ Why does the government care and what does that mean to us
- ❖ Examining Chartless and how do we get there
- ❖ Practice Management Programs & Digital Imaging Programs
- ❖ Electronic Notes
- ❖ Examining Paperless and How do we get there
- ❖ Administrative Softwares
- ❖ Patient Information and Forms
- ❖ Transferring the Data
